Reading

10 Read Carol's blog. Write T (true) or F (false).

Hi everyone and welcome to my new blog. I'm writing this from our new home on Cortes Island, Canada. I can't believe we're finally here! It's so beautiful and there's so much to tell you all.

There aren't many people on the island but everyone is very friendly and helpful. Our neighbours are Pat and Ellen and they have a small shop where they sell everything! It's very useful.

Our new house is by the sea – yes, can you imagine!! When we get up in the morning, we can sit outside and look at the water while we have breakfast. There's a large garden around the house with lots of fruit trees (apples, pears and plums) and there are lots of flowers too. The beach is in front of the house and the two dogs love playing in the water – and of course the children do as well!

I'm sure you all want to know about the house. Well, here goes. There's a huge living room and kitchen which is one big room really. We've got some of our furniture from England but we want to buy some new furniture too. Dan has his old armchair and the children have some of their favourite things too. Elly has her bed and Mark has an old table for his computer. I think they like having things from England. I'm happy with new things like the fridge and cooker. They are so big! It's fantastic, so I'm spending a lot of time cooking. The house has four bedrooms so there's one for visitors, one for us and then the children have one each. There are also two bathrooms so we have one and the children have the other one – that way no-one gets annoyed!

Please come and see us soon!

Writing

11 Read Laura's email. Now write your email to Laura. Use the email to help you and tell her about the sports you like playing, the sports you like watching and your favourite sports star / team.

Hi!

Thanks for your email! I really like reading about your family and friends.

It's the weekend and I'm happy because I usually play tennis with my best friend Amy. We go to the local park where there are some tennis courts. Sometimes we play singles and sometimes we play doubles with my two brothers. That's fun! I'm quite good at tennis but my brothers aren't!

I like watching tennis on television too. My favourite tennis player is Rafael Nadal.

Do you like sports? Please write and tell me what you like playing and watching.

Write soon! Take care.

Laura
