On Tuesday my dad **buy** me the new headphones on the Internet. I **watch** and **help**. You mustn't buy on the Internet without an adult! It's unsafe!

So, we **sit** at the laptop and **open** the online shop. I **see** a lot of headphones and I **read** information about them. I **like** the red headphones. They **are** really beautiful! And I **say** to my dad that I **want** them. Dad **say** "OK".

I **come** home yesterday and **get** my beautiful present. Now I have cool red headphones.
