 A. Reading B. Read C. To read D. Having read

Question 17: They all denied _____ her.

 A. having ever seen B. to see C. ever having seen D. of seeing

Question 18: Take a short break! You _____ all day.

 A. have been working B. are working C. were working D. work

III. Read the following passage and mark the letter A, B , C or D on your answer sheet to indicate the correct answer to each of the questions .

Forty - two years ago, two Americans landed on the moon, taking the human race to another planet for the first time. On July 16, 1969 Armstrong, Aldrin and Collins climbed into Apollo 11 .The unit's Saturn V rocket, equipped with the most powerful engines ever built, blasted them into space. Their trajectory took them around the Earth and toward the moon when a third-stage rocket fired. Two modules-the Eagle, for landing, and the Columbia, a command and service center- entered the moon's orbit on July 19. Neil Armstrong, Buzz Aldrin, piloting the Eagle landing module, stepped down on the moon on July 20,1969.The third US astronaut ,Michael Collins ,was in the orbiting command module overhead. "That's one small step for a man, one giant leap for mankind", said Armstrong. The words were seared into the memories of the 600 million some people- about 1/5 of our planet's population at that time- who watched the broadcast transmitted from the lunar surface. And for a time it seemed the impossible was just the beginning.

Question 19: What was the name of the module that landed on the moon?

 A. Saturn V B. the Columbia C. the Earth D. the Eagle

Question 20: Which is not mentioned about Apollo 11?

 A. It failed to land on the moon B. It was launched 42 years ago
 C. It belonged to the USA D. It had the most powerful engines at the time

Question 21: Apollo 11.....

 A. was launched on July 20, 1969 B. had no man on board
 C. was launched on July 16, 1969 D. had two men on board

Question 22: Which sentence is not true?

- A. There were 600 million people watching the scenes sent from the moon
- B. Michael Collins did not step down on the moon
- C. Only two astronauts of the crew of three stepped on the moon
- D. Neil Armstrong was too excited to say anything when he was on the moon

Question 23: Relative pronoun who refers to.....

- A. Neil Armstrong
- B. the astronauts
- C. the TV viewers
- D. the Earth's population

IV. Read the passage and choose the correct option A, B, C, or D that best fits each of the numbered blanks

Why is global warming a problem? High levels of greenhouse gases in the atmosphere lead (24) _____ climate change. The oceans and seas are getting warmer and the polar ice caps are melting. This causes the rise in sea levels, (25) _____ threatens low coastal regions and islands. (26) _____, the weather is becoming more unpredictable, with severe storms and floods, or unexpected droughts. Another effect of global warming is a rise in the number of (27) _____ species. Many animals and plants could become extinct if their natural habitats are changed. What can we do about it? Scientists now agree that there is an urgent need to cut carbon emissions across the world. Moreover, we need to develop alternative sources of energy, such as wind, wave, or solar power. For individuals, being a vegetarian (28) _____ your carbon footprint because it can reduce energy use.

Question 24: A. in B. to C. about D. for

Question 25: A. what B. where C. which D. that

Question 26: A. Nevertheless B. However C. Furthermore D. Otherwise

Question 27: A. danger B. endangered C. dangerous D. endanger

Question 28: A. raises B. increases C. rises D. reduces

V. Mark the letter A, B, C, or D on your answer sheet to indicate the underlined part that needs correction in each of the following questions.

Question 29: I asked him how far was it to the station if I went there by taxi.

- A. asked
- B. was it
- C. went
- D. by

Question 30: Since I begin school, I haven't had much spare time

- A. Since
- B. begin
- C. haven't had
- D. much

VI. Give the correct form of the word in brackets to complete each of the following sentences.

Question 31. We risk up setting the _____ balance of the area (**ecology**)

Question 32. Police are investigating the _____ of a young woman. (**appear**)

VII. Rewrite the following sentences, beginning as shown, without changing their meaning.

Question 33. We started learning English three years ago.

=> We have _____

Question 34. The US government had provided insufficient supplies for the flood victims.

Local communities in New Orleans criticized the US government for that..

=> Local communities in New Orleans criticized

Question 35. The books which were written by To Hoai are interesting. .

=> *The books* _____

Question 36. Someone had used explosives to kill fish in the lake. They suspected Tom.

=> *They suspected Tom* _____

VIII. Choose the best answer among A, B, C or D that best completes each sentence:

12. The group intends to promote wise use of the land through the _____ of the natural environment

A. conservation B. conserve C. conservationally D. conversational

13. We should develop such _____ sources of energy as solar energy and nuclear energy.

A. alternation B. alternative C. alternatively D. alternate

14. Many species of animals are threatened and could easily become _____.

A. disappeared B. vanished C. empty D. extinct

15. _____ heat comes from deep inside the earth.

A. Geothermal B. Solar C. Nuclear D. Hydro

16. There are numerous species currently in danger _____ extinction.

A. in B. at C. of D. from

17. Human beings are _____ for the changes in the environment.

A. account B. responsible C. faulty D. blame

18. We had the room _____ yesterday.

A. decorates B. had decorated C. decorated D. decorating

19. The first person _____ into the room should open the windows

A. going B. go C. that go D. to go

20. I like the little girl _____ you met yesterday.

A. which B. whose C. what D. X

21. Customer: Could you help me to send this document to my office by fax?

Clerk: _____! What's the fax number, please?

A. Sorry B. Certainly C. See you soon D. Thanks

IX. Choose the word(s) SIMILAR in meaning to the underline word(s):

22. By cutting down trees, we damage the natural habitat of birds and animals.

A. environment B. house C. place D. life

23. Solar energy is not only plentiful but also infinite.

A. strong B. rapid C. abundant D. limit

X. Choose the underlined part among A,B,C or D that needs correcting:

24. The man who talking to me is John's father.

A B C D

25. We will have a lot of energy if we make full use of the energy from both the sun or the water

A B C D

26. This is my brother, to who you spoke yesterday.

A B C D

XI. Read the following passage and then choose the best answer to complete the passage:

We need energy to live and work. Our major source of energy (27) _____ oil. Oil is one kind of fossil fuel. The amount of fossil (28) _____ in the world is unlimited.

(29) _____, we must save it, and at the same time, we must find new sources of energy. Geothermal heat and nuclear power are unlimited sources of energy. They can give

us electricity. Other alternative sources are the sun, waves and water. These sources are not only alternative and available but also clean and safe for the (30) _____. People should develop and make use (31) _____ them more and more in the future.

- | | | | |
|----------------------|--------------------|-----------------|----------------|
| 27. A. was | B. had been | C. is | D. is being |
| 28. A. natural | B. sources | C. oil | D. fuels |
| 29. A. therefore | B. however | C. but | D. beside |
| 30. A. environmental | B. environmentally | C. environments | D. environment |
| 31. A. of | B. from | C. for | D. at |
