

ÔN TẬP PHẦN KIỂM TRA GIỮA KỲ PHẦN READING – NHÓM 5

I. Read the following passage and decide whether each of the statements is TRUE or FALSE.

A university in Ho Chi Minh City is working on a rescue robot. It is designed to be able to fly to an intended area. It can also dig to get under the ground and find people. Then it sends information about the location of victims and their states to the controller. This valuable information makes the rescue effective. Because it is just the size of a small book, it requires little energy. Its battery allows it to do rescue work in 48 hours.

Statements	True/ False
1. A science club invents the rescue robot.	
2. The rescue robot can move under the ground.	
3. The robot tells where the victims are.	
4. The robot only rescues victims from the ground.	
5. The rescue robot works on the battery for a few hours.	

II. Choose the option (A, B, or C) that best completes each numbered blank in the passage. Three ways everyone can help make the Earth a greener place is to reduce, reuse, and recycle!

When people reduce it means they are using (6) _____ of something. This allows us to create less waste. Turning off the faucet when we brush our teeth is a simple way to reduce. This is a small action that prevents us from wasting (7) _____. Another small action people can take is to reuse things we already have. Taking bags to the store (8) _____ we shop for food is one way to reuse them. Using both sides of piece of paper before getting a new one is another way to reuse. (9) _____ is when new materials are created from old ones. Paper, plastic, and metal are all materials that can be recycled. Things like newspapers, soda cans, and plastic bags can all be turned (10) _____ new objects if we take the time to recycle them!
