Name :

Class :

THEME: HEALTH & ENVIRONMENT

TOPIC: ENVIRONMENTAL SUSTAINABILITY

TITLE: FLOODS

SET 3

Instruction: Students are given a dialogue regarding a flood crisis and required to role play it.

PAIR WORK

JAMAL	:
JIMMY	: Yes, Jamal. The flood was terrible It was on the news last night.
DEVI	: Yes, indeed. I was very sad when I saw the news. Some were stranded on the roads. Was there any loss of lives?
JAMAL	: That's pitiful, Devi. Yes, at least three people have died since Saturday.
DEVI	:
JIMMY	: I also heard that many had to be ferried from their homes.
DEVI	:
JAMAL	: No, this is the second time Penang has been hit by the flood.
JIMMY	:
DEVI	: I hope the victims get the help they need as soon as possible.
JAMAL	:

Let's hope for the best. Bye, guys.
Yes, some of the victims have to leave their homes because of the rising water level. Is this the first time Penang is hit by the flood?
Hey, guys. Did you hear about the flood in Penang?
I feel sorry for the victims because they are in the same situation again. Anyway, help from all kinds of organizations are coming in.
Oh, my God. That's very tragic.
