

10 There are several stages in the production and launch of a new motorbike. Look at the notes below and put them in the right order. Think about how the passive is sometimes used at the beginning of a sentence.

- Show the new motorbike at trade exhibitions all over the world.
- 1** Plan the new motorbike and do the first designs. (Design team)
- Contact journalists and invite them to test drive the new motorbike.
- Changes are made to the prototype and the design is modified. (R&D department)
- 2** Build the first prototype, with the help of engineers. (R&D department)
- The prototype is tested on special roads. Check if there are any problems and if any changes are necessary.
- Do further tests, then make more modifications and changes to the engine.
- Results of the test drive are recorded and the journalists prepare articles about the new bike.
- 9** Mass-produce the new motorbike. Launch an international marketing campaign.
