Name: _____   Date: _____

Class: _____

Habitats

A habitat is where creatures live. For example, a forest is a habitat. So is the Sea, the pond even the field. All living things, plants and animals make their homes in a particular habitat.

Below are some habitats, a list of animals and plant life.

Can you identify where you think each of them live?

Use R for Rainforest, D for Desert, C for Cave, S for Sea and M for Mountain.

1) Orang – Utan		8) Eagle	
2) Dolphin		9) Whale	
3) Camel		10) Tiger	
4) Teak Tree		11) Cactus	
5) Bat		12) Pine tree	
6) Mountain Goat		13) Moss	
7) Seaweed		14) Elephant
