I love InterRail because you can go where you want, when you want! When we started our journey, we had an idea of where we wanted to go, but as we travelled we got new ideas. Changing our plans was easy – you can stay an extra night or two if you like a place, and if you don't like it you can go somewhere else. The InterRail pass gives you real freedom.

One of the best things about InterRail is that you get cheaper, or even free travel on ferries as well as trains. I travelled to Split in Croatia and then took the ferry to Pescara in Italy. Then I travelled by InterRail to the south of Italy, and then took the ferry to the Greek island of Corfu. It was fantastic! You also get discounts on hotels, tourist attractions, and lots more.

This was the first time I'd left the UK, and I loved it. InterRail is safe and easy for first-time travellers. I got an InterRail Global Pass so I could take as many trains as I wanted. I saw many amazing places, and learnt a lot about Europe's culture and history. I visited over 15 cities in less than a month. I'm definitely going to do it again next year!

In six weeks I met so many new interesting people and made friends from all over the world. It's a cheap way to travel too, especially if you take the night trains – I saved a lot of money on accommodation this way. I really want to go again!
