Before You Read

Think What things can you do at home? What things can't you do at school?

C Learn Categorize

When we categorize, we put things that are similar into groups. After you read, think of the things you read about. How are they similar? Can they be put in one group? This helps you to remember them later.

Pasta, vegetables, and salad are in the food group.

Jackets, shorts, and T-shirts are in the clothes group.

Read the text. Complete the chart.

A reserve worker talks to some children. "Those are orangutans. They're mammals, and their bodies are covered in hair. They have two arms and two legs."

"Those orange-and-red tree frogs are amphibians and live in trees. They have wet skin on their bodies. They have long legs so they can jump high."

Animals	Body Coverings	Body Parts
1 mammals		
2 amphibians		

D Look at the title and pictures on pages 90–91. What do you think the text is about?

Following Rules

This text is an *informational* text. Remember, informational texts tell us about our world.

Following Rules

We follow rules every day. There are rules for things we do at home, at school, and in a lot of other places.

Think about rules at home. Parents usually make these rules, and they make sure we follow them. Parents can ask us to wash our hands and **clean up**. They make other rules about eating unhealthy food, watching TV, or bedtime. What rules do you follow at home?

There are rules at school, too. Teachers and the **principal** make the school rules. We should always be **polite** and **take turns** when we play games. **Librarians** help us follow the rules in the school library. We can't eat, drink, or be noisy there. Outside school, the **crossing guard** helps us cross the road safely, and we should pay attention to the **traffic light**. These rules help keep us happy and safe. Can you think of more rules at school? 😊

at the zoo, don't feed
the animals 😊

Zoos and other fun places have rules, too.
At the zoo, you can't touch or feed the
animals. You should never throw things
at the animals.

Think

How do these rules
help the animals?

Swimming pools are fun places, too. These rules help
make it safe for everyone there. You shouldn't run
near the water and you can't eat, drink, or litter near
the pool. You must always listen to the lifeguards
because lifeguards make sure we follow the rules
and that we are safe in and near the water.

Think

How can these rules help us have fun?

Rules tell us what we should and
shouldn't do, and they help keep
us safe, happy, and healthy. What
rules do you think are important?
