

Read the description of each App and match it to the right picture.

1- Is a free social networking microblogging service that allows registered members to broadcast short posts called tweets. They can broadcast tweets and follow other users' tweets.

2- Available for iOS and Android, it allows you to explore recent pins, create new boards, and more. You can also pin things directly from the web using your device's built-in browser.

3- Order food and grocery delivery online from hundreds of restaurants and shops nearby. Find deals, free delivery, and more from our restaurant partners.

4- Is a mobile messaging application used to share photos, videos, text, and drawings. It's free to download the app and free to send messages using it. It has become hugely popular in a very short space of time, especially with young and famous people.

5- is a collaboration app built for hybrid work so you and your team stay informed, organized, and connected — all in one place. Explore how it can help you and your colleagues come together no matter where you are: Chat - Message someone or a group to talk live about work, projects, or just for fun.
