Maps

Example Different maps *tell* us different things.
 A map of the world can teach us about different places. A road map shows us how we can go from one place to another.

1 also shows the towns and villages where
 2 people live. You can see where the station is
 a town and where the mountains are. Lakes and rivers are
 3 coloured blue and you see green on a map,
 that means you can find trees there.
 Then you can learn to draw maps. They can tell your friends
 4 your house is. Or you could hide
 5 in the house or garden and make a treasure
 map. Maps can be very exciting!

Example	tell	telling	told
1	He	It	They
2	in	on	next
3	why	which	when
4	how	where	what
5	sometimes	something	nothing
