

MALIBU

I never came to the or stood by the ocean
I never sat by the shore under the with my feet in the sand
But you brought me here and I'm that you did
'Cause now I'm as free as birds catching the wind

I thought I would sink, so I never swam
I never went boatin', don't get how they are floatin'
And sometimes I get so scared of what I can't understand

But here I
Next to
The sky is more
In Malibu
Next to you
In Malibu
Next to you

We the sun go down as we were walking
I'd spend the rest of my life just standing here

You would explain the current, as I just

Hoping I just stay the same and nothing will change
And it'll be us, just for a while
Do we even exist?
That's when I the wish
To away with the fish

Is it supposed to be this all summer long?
I never would've believed you
If years ago you told me
I'd be here writing this

But here I am
Next to you
The is so blue
In Malibu
Next to you
In Malibu
Next to you

Next to you
The sky is so blue
In Malibu
Next to you

We are just the waves that flow back and forth
Sometimes I feel like I'm drowning and you're there to save me
And I wanna thank you with all of my
It's a brand new start
A come true
In Malibu
