

OUR TOWN

Long ago, but not so very long ago

The world was

Oh, yes, it was

You settled down, and you built a
..... and made it live

And you watched it grow

It was your town

Time goes by, time brings changes

... changed too

Nothing comes that you can't handle, so on
you go

You never ... it coming

When the world caves in on you

In your town

Nothing you can do
