Read the following message.

Hasni,

I need you to do a few things for me because I'm quite busy today. First, please pay our electricity bill at the post office while you're at the shopping centre. Dad wrote a cheque to pay for it. It's on the table, along with the electricity bill.

Remember to take the list of items you have to buy at the shopping centre. Please get all the items on the list so that we have enough food for this week. Use your debit card to pay for everything. Since I'm not going with you, I can't use my credit card. I think the total you will spend is around RM150.00. I'll transfer the money to your account tonight when I come home from work. Remember to wear a face mask and keep a metre away from everyone if possible.

Remember me telling you about the free RM50.00 offer for signing up for the MySejatera app? Well, good news! I finally got my free RM50.00 credit in my digital wallet. So, as a reward for helping Dad and me, you can choose what we'll have for dinner tonight.

I'll even let you order our dinner and pay using the food app so that you can learn and use it in the future.

Love,
Mum
