

Nombre del estudiante: _____

INSTRUCCIÓN: arrastre cada parte de la expresión algebraica a donde corresponde.

The diagram shows the algebraic expression $-8xy^2 + 2$ with colored lines connecting its parts to empty boxes. A purple line connects the coefficient -8 to a purple box. An orange line connects the variable part xy^2 to an orange box. A green line connects the constant 2 to a green box. A yellow line connects the exponent 2 to a yellow box. To the right, there are four blue boxes for classification: TÉRMINO INDEPENDIENTE, SIGNO, LITERAL / VARIABLES, and EXPONENTE.
