

People who keep us healthy.

"What do you want to be when you grow up?"

"I want to be a doctor."

"What do you know about the doctor's job?"

"They help people who are sick."

"I am a dietician. I help people to eat food that
is good for their body."

"What food should we eat?"

"Fruit is good. Sweet drinks have too much sugar."

"Your cousin has become a dentist. A dentist
helps take care of our teeth and gums."

"How do they take out teeth?"

"They inject the gum then pull out your tooth"

"What does a surgeon do?"

"I operate on people to make them better again"

"Don't they feel pain?" "No, because
we put them to sleep until we are finished."

"Which job would you like to do?"

Click and drag the correct answer to the blank spaces.

surgeon

dietician

doctor

dentist

	helps us to take care of our teeth and gums.
	helps people who are sick.
	operates on people to make them better again.
	Helps people to eat food that is good for their body.
