ROMEO JULIET

Romeo and Juliet by Shakespeare is probably the most famous love story in the world. It is about a boy and a girl who meet and fall in love. Unfortunately, Romeo is a member of the Montague family and Juliet is from the Capulet family. The two families hate each other and often fight. If the parents knew about the love between Romeo and Juliet, they would be furious, so the two teenagers tell nobody. They get married at a secret ceremony and only the priest, Friar Lawrence, is there.

The fights between the two families continue and Romeo kills one of Juliet's cousins in a fight. He has to run away from Verona to another city.

Friar Lawrence wants Romeo and Juliet to be together. He gives Juliet a special potion that will make her sleep for two days. Her family will think she is dead – but in fact she will wake up, leave Verona and join Romeo.

Juliet drinks the potion and falls asleep. However, Romeo doesn't know about the Friar's plan. He thinks Juliet is dead. He is so upset that he takes poison and dies. Later, Juliet wakes up, sees that Romeo is dead, and kills herself with Romeo's knife.
