 ACTIVITY A.

RECYCLING – Yes, there is a lot we can do!

Of course we can help save our environment. Why don't you try and sort out the activities below in two columns? Decide which are the things you can do at home and write them under the first column. Then decide which ones you can do at school and write them under the second column. There are some which can be done both at home and at school. Write them in both columns. Make any necessary changes. Then draw a picture that can show one or more of these problems. Compare what you did with those of your classmates.
