Evaporation and Condensation, Solutions

Find the pairs.

CONDENSATION	**It happens when the water turns into water vapour**
SOLUTION	**Ice turns into water**
FREEZING	**It is when the particles of two different types of matter mix.**
EVAPORATION	**Water turns into ice**
MELTING	**It happens when water vapour cools down and turns into water**

Put the words in the right place.

carrot ***oxygen*** ***feather*** ***carbon-dioxide*** ***chair***

coca-cola ***water vapour*** ***milk*** ***water***

SOLID	LIQUID	GAS

True or False?

Sugar dissolves in water. **TRUE** **FALSE**

Sand melts in water. **TRUE** **FALSE**

Water boils at 0°C. **TRUE** **FALSE**

Water vapour is the solid state of matter. **TRUE** **FALSE**
