

# School activities

## 1. Join the description with the subject.

We learn about the nature and the world around.

I learn information about the computer and the Internet.

We use computer programs like Power Point, Paint, Word, Scratch.

We can draw, sing, do handicrafts, make origami and create other things.

We study how to draw pictures.

We draw nature, people or favorite things.  
It is the best lesson.

We speak and read.

We learn new words and phrases.

We play vocabulary games.

## 2. Listen and write.
