Plumber

Interviewer : Good morning, what is your name?

Afiq : My name is Afiq.

Interviewer : Can you tell me about your job?

Afiq : Yes, I am a plumber.

Interviewer : What does a plumber do?

Afiq : I work with water systems in houses and buildings including toilets, showers and sinks. I also install new pipework and check or fix older pipes.

Interviewer : What do you use?

Afiq : I use plastic and metal pipes. I have tools like pliers, cutter and plunger for pipes and for unblocking drains.

Interviewer : How long does it take to put the plumbing system in a house?

Afiq : A big house can take a few weeks. A smaller house takes less time. Bigger buildings will need a lot of plumbers to work on.

Interviewer : What do you like about your job?

Afiq : I like working with the builders. They help me. We are a team.

Interviewer : What do you enjoy the least about your job?

Afiq : When it is raining, I have to work. I cannot make drains because the soil is too wet. I get very wet too!

Interviewer : It sounds like you have a good job. Thank you. Answer the following questions. Write your answers in complete sentences.

1) What is Afiq's job?

2) What does he do as a plumber?

3) State three things he uses for his job.

4) How does rain make his job difficult?

5) If you could ask Afiq about his job, what would you ask? State your question.
