

STUDENT WORKSHEET 1

Over-the-Counter vs. Prescription Medicines

Directions: Sort the statements by number in the correct place in the Venn diagram.

About Medicines: Rx, OTC, or Both?

- | | | | |
|---|--|---|--|
| 1. Children should use only with permission of a parent or trusted adult. | 3. Prescribed by a doctor or nurse practitioner for one person. | 5. Can buy without a doctor's prescription. | 7. A healthcare professional or your local poison center can answer questions about this medicine. |
| 2. Should only be used by the person for whom the medicine was ordered. | 4. The medicine label, including the directions, must be read and followed carefully before use. | 6. Dangerous to misuse or abuse. | |

Did you know? In 2015, America's poison centers managed about 630,000 medicine exposure cases involving children, tweens, and teens.
