

Pictures of surgeons at work in the operating room

Complete the conversation below. You can find the words from the conversation itself.

Conversation between students and Dr Zul.

- Dr Zul : How are you children?
- Students : We are fine, doctor
- Dr Zul : What do you want to know about me?
- Shafie : I want to 1_____ what kind of a doctor you are.
- Dr Zul : I am a general surgeon.
- Hana : What do you do as a general 2_____?
- Dr Zul : Oh! I operate on the different parts of the body.
- Amin : What is 3_____?
- Dr Zul : It is when you cut open someone's body to make them better.
- Khairul : Don't they feel pain when you cut their 4_____?
- Dr Zul : No, because we put them to sleep until the operation is done.
- Farah : Don't you feel scared when you operate on them?
- Dr Zul : I do feel 5_____ because their life is our responsibility at that time. Their family members are depending on us to make them well again.
- Ahmad : What do you do when you get scared?
- Dr Zul : I always pray to God to make the operation a success. And I must make sure that my team are ready and know what they should do.
- Aiman : You have a team?
- Dr Zul : Of course I have a 6_____, each person has their own job in the operating room.
- Hana : You have an operating room?
- Dr Zul : Yes, we 7_____ a number of operating rooms and they must be kept clean, hygienic and safe. The equipment we use must be sterilised. We have to wear special uniforms, head gear, gloves and masks before we enter the room.
- Salimah : Wow! Your job sounds exciting and challenging. Do you love your job?
- Dr Zul : Yes. I 8_____ my job so much.
