Chorus X2

Label the body parts.

cheeks	hands	heart	feet	arms
lips	legs	eyes	head	hair

When your legs don't work like they used to before  
And I can't sweep you off of your feet  
Will your mouth still remember the taste of my love?  
Will your eyes still smile from your cheeks?

Darling I will be loving you till we're seventy  
And baby my heart could still feel as hard at twenty three  
And I'm thinking about how  
People fall in love in mysterious ways  
Maybe just the touch of a hand  
Well me I fall in love with you every single day  
And I just want to tell you I am

So honey now  
Take me into your loving arms  
Kiss me under the light of a thousand stars  
Place your head on my beating heart  
I'm thinking out loud  
Maybe we found love  
Right where we are

When my hairs all but gone  
And my memory fades  
And the crowds don't remember my name  
When my hands don't play the strings the same way  
I know you will still love me the same

Because honey your soul could never grow old  
It's evergreen  
And baby your smile is forever  
In my mind and memory  
I'm thinking about how  
People fall in love in mysterious ways  
And maybe it's all part of a plan  
I'll just keep on making the same mistakes  
Hoping that you'll understand  
That baby now  
Take me into your loving arm  
Kiss me under the light of a thousand stars  
Place your head on my beating heart  
I'm thinking out loud  
Maybe we found love  
Right where we are

So baby now  
Take me into your loving arms  
Kiss me under the light of a thousand stars  
Oh darling, place your head on my beating heart  
I'm thinking out loud  
That maybe we found love right where we are  
Maybe we found love right where we are  
And we found love right where we are
