Next, we ³ ... to an inventor about her new robot. The robot's name was Techbot.

Techbot was amazing. It walked and it jumped. Then it ⁴ ... football!

'Can it dance?' I asked. The inventor played some music and Techbot ⁵ ... with me and my brother!

When we arrived home, I ⁶ ... at the computer. There was an email from the inventor with a video and a message, 'Techbot filmed you!' I ⁷ ... the video. It was a video of me and my brother dancing with Techbot.

My opinion

I really liked the technology museum. It ⁸ ... an interesting day.
