

## MÚLTIPLOS DEL METRO

1.- COMPLETA:

- a. 9 km =                      hm =                      dam =                      m  
b. 3 km =                      hm =                      dam =                      m  
c. 32 hm =                      dam =                      m  
d. 456 dam =                      m  
e. 13 hm =                      dam                      m

2.- COMPLETA:

- a. 4 km =                      dam  
b. 35 hm =                      dam  
c. 6 km =                      hm  
d. 23 dam =                      m  
e. 32 hm =                      m

3.- Pasa todo a metros:

- a. 76 dam =  
b. 23 km =  
c. 13 hm =  
d. 5 km =  
e. 102 dam =  
f. 22 hm =

4.- Pasa todo a decámetros

- a. 63 hm =  
b. 21 km =  
c. 3 hm =  
d. 3 km =  
e. 21 hm =
