The electrical panel features a circuit diagram at the top with a lightning bolt symbol. Below it are seven switches, each connected to an object and labeled with two properties:

- Switch 1: Connected to a diamond. Properties: Duro, Resistente.
- Switch 2: Connected to a perfume bottle. Properties: Permeable, Transparente.
- Switch 3: Connected to a purple boot. Properties: Elástico, Blando.
- Switch 4: Connected to a white book. Properties: Elástico, Blando.
- Switch 5: Connected to a yellow knife. Properties: Elástico, Blando. A yellow sign with 'P.E. Error' is on this switch.
- Switch 6: Connected to a white lamp. Properties: Elástico, Blando.
- Switch 7: Connected to a brown bear. Properties: Elástico, Blando.
- Switch 8: Connected to a red slice of meat. Properties: Elástico, Blando.

At the bottom of the panel, there are two rows of property labels for each switch:

- Row 1: Blando, Impermeable, Plástico, Insoluble, Duro, Soluble.
- Row 2: Frágil, Opaco, Insoluble, Duro, Soluble.
