BIG TROUBLE

I have an uncle, John. He is fat but his wife, Jane, is thin. They live in a big farmhouse next to a field. My uncle's farm is very interesting. He has got a lot of geese, cows, chickens, rabbits, sheep and dogs. I like to play with them. His wife also wants to get a cat, but John does not like cats. Uncle John had some trouble last summer. There was a big storm one night. The wind was very strong and it destroyed many plants and even some trees. There was a huge mess in the garden. John and Jane had a lot of work to do in the morning to clean up everything. It was very difficult, but their neighbours helped them. They were all tired in the evening, so they relaxed and had dinner together. I hope this trouble will never happen to my family again.
