

Hello Sofi !!

Today, I'm going to tell you about my favourite food and drink!

My favourite food is pepperoni pizza. I love it because it is so tasty. I like it with a thin crust and on top lots of tomato sauce and melted cheese. Pepperoni pizza is better than plain pizza because it is spicy and extra yummy. I eat pizza on Fridays or Saturdays night about once a month. It is so good. What is your favourite food? How often do you eat it?

One food I don't like is lentil soup. I know it is healthy but I think that it tastes

terrible. So I never eat it. Is there any healthy food that you don't like?

My favourite drink is chocolate milk. It is so delicious when it is very cold. I don't like regular milk, I think it is very boring. But chocolate milk is just wonderful. Do you like chocolate milk?

What do you like drinking for breakfast?

I must go now,

Love,

*Karen*
