

My Favorite Hobbies

My name is Sofia. I want to tell you a little about my favorite hobbies. I like to listen to music at nights because that's the way I can sleep better. Music makes me feel relaxed and happy. I like listening to pop, rock, and electronic music, but my favorite musical genre is pop. Another hobby I have is going out. I go out by bus or by train. I usually go to the cinema or to the shopping center, but I prefer going to the shopping center because I like shopping. Finally, I like playing tennis, soccer, and swimming, but I prefer tennis.

1. How can she sleep better?
