

51.

All numbers, no commas or decimals.  
How many pounds of trash was collected in 2004? \_\_\_\_\_

How many pounds of trash was collected in 2008? \_\_\_\_\_

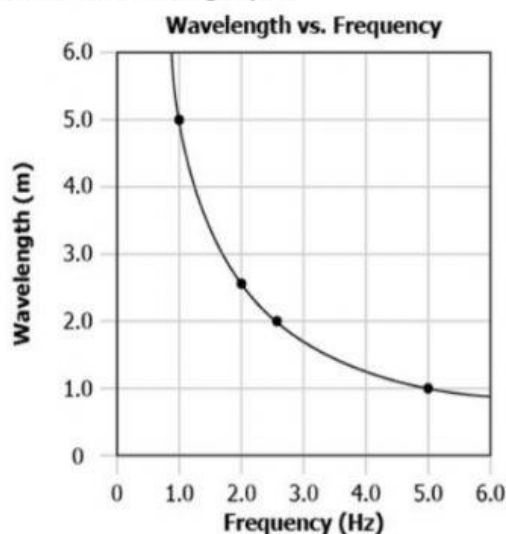

How many more pounds of trash were collected in 2008 than in 2004? \_\_\_\_\_

52. The pictures below are each examples of one of Newton's laws of motion.  
Drag each picture to the box next to the law that it best represents.

Newton's Law	Picture
<b>1<sup>st</sup> Law</b>	
<b>2<sup>nd</sup> Law</b>	
<b>3<sup>rd</sup> Law</b>	

53. Look at the graph.

Two students examine a wave generated on a computer. From their observations, they graphed the relationship between wavelength and frequency.

What was the frequency of the wave when its wavelength was 2.0 m?

**1.2Hz 1.6 Hz 2.5 Hz 3.0 Hz**
