LOOKING AFTER YOUR DOG

Having a dog is a big responsibility and you must learn how to look after it. Here are a few tips.

A Spend time with your dog. Dogs like other dogs and people and need company. They love playing with people and other dogs. If they're bored, they can become miserable.

B If you're going on a long car journey with your dog, stop regularly so that it can drink and exercise. Remember that cars can become very hot and you mustn't leave your dog alone in a car.

C Feed your dog the right amount for its age and size. You should give it enough food but not too much. It must also have fresh water available at all times.

D Make sure your dog can run around outside at least once a day. Ideally, you should take it for a walk in the morning and in the evening. This will help you to keep fit, too!

E Dog owners must provide their dogs with enough space, so think about the size of your home when you decide what kind of dog to get. It's better not to get a huge dog if you live in a tiny flat.
