Hi Laura! I've got a new pet! It's a parrotfish and it's blue, green and purple. It's got lots of teeth! It comes from a coral reef in the Pacific Ocean and it eats plants and coral, too! It uses its teeth to make the coral into sand. Do you want to see it? Mike

- A. Mike has got a new pet bird.
- B. Mike's pet eats sand.
- C. Mike's pet is colourful.

An Unusual Pet

by Marie

My cousin lives in Australia and she has got a pet wallaby called Pebbles. Wallabies are like small kangaroos – they have got long tails and short arms and they can hop. They aren't dangerous like kangaroos – pet wallabies are quiet, clever and fun. They eat fruit and vegetables. My cousin's wallaby plays outside all day, but it sleeps in the house at night.

- A. Wallabies look like kangaroos.
- B. Wallabies are dangerous.
- C. Pebbles sleeps outside.
