FEAR LEVEL

As Milla slowly overcomes her fear the jetty gets closer to the water. This is not just the rising tide but her fear reducing. See if you can match the words and faces to the height of the pylons to order these jetties from tallest to shortest and match them to how scared Milla was to jump.

Panicked •

Fearful •

Worried •

Anxious •

Nervous •

At ease •

HPE: ACPPS-020 - Identify and practise emotional responses that account for own and others' feelings.
