

Colegio Bicultural Cananea

MATH TEST

3rd grade

4th Period

Mrs. Alejandra Sánchez

Name _____ Date _____

MULTIPLYING THREE- DIGIT NUMBERS

Find each answer.

142	308	417	821	119	351
$\times 4$	$\times 5$	$\times 2$	$\times 6$	$\times 3$	$\times 5$

MULTIPLYING MONEY

Find each product.

\$1.33	\$4.07	\$5.98	\$4.06	\$2.60	\$3.11
$\times 6$	$\times 5$	$\times 8$	$\times 5$	$\times 5$	$\times 9$

DIVISION AS REPEATED SUBTRACTION

Use subtraction to find the answer.

$12 \div 2 =$	$18 \div 6 =$	$10 \div 5 =$
---------------	---------------	---------------

RELATING DIVISION WITH SUBTRACTION (Fact Family)

The image shows four house-shaped templates for fact families. Each house has a triangular roof with two numbers and a product/quotient. The body of the house contains four equations: two multiplication and two division. The houses are decorated with a sun, a butterfly, a rainbow, and three flowers.

- Top Left House:** Roof numbers 7 and 10, product 70. Equations: $\square \times \square = \square$, $\square \times \square = \square$, $\square \div \square = \square$, $\square \div \square = \square$.
- Top Right House:** Roof numbers 2 and 6, product 12. Equations: $\square \times \square = \square$, $\square \times \square = \square$, $\square \div \square = \square$, $\square \div \square = \square$.
- Bottom Left House:** Roof numbers 5 and 9, product 45. Equations: $\square \times \square = \square$, $\square \times \square = \square$, $\square \div \square = \square$, $\square \div \square = \square$.
- Bottom Right House:** Roof numbers 8 and 4, product 32. Equations: $\square \times \square = \square$, $\square \times \square = \square$, $\square \div \square = \square$, $\square \div \square = \square$.

DIVISION

Find the answer.

$$4 \overline{)20} \quad 3 \overline{)24} \quad 2 \overline{)12} \quad 4 \overline{)16}$$

$$3 \overline{)18} \quad 5 \overline{)45} \quad 5 \overline{)35} \quad 2 \overline{)16}$$

DIVIDING WITH 0 AND 1

Find the correct answer

$$0 \div 6 = \underline{\quad} \quad 8 \div 8 = \underline{\quad} \quad 6 \div 1 = \underline{\quad} \quad 0 \div 4 = \underline{\quad} \quad 5 \div 5 = \underline{\quad} \quad 3 \div 1 = \underline{\quad}$$

REMAINDERS

Find the quotient and the remainder.

$$1) \quad 5 \overline{) 38}$$

$$2) \quad 7 \overline{) 46}$$

$$3) \quad 3 \overline{) 74}$$

$$4) \quad 8 \overline{) 62}$$

$$5) \quad 5 \overline{) 94}$$

$$6) \quad 7 \overline{) 63}$$

TRANSLATING WORDS TO EXPRESSIONS

You may use counters to find the answer.

For a field trip, 88 students were separated into 88 equal groups. How many were in each group? _____

Mrs. Chan bought 48 eggs for her cooking class students to use. How many dozen eggs did she buy? (Remember : 1 dozen =12)

TIME TO THE MINUTE

Write the time on each line

Read and match.

It's half past two.

It's eight o'clock

It's five o'clock

It's half past three.

It's twelve o'clock

It's half past one.
