

## A Trip to the Mall

Patrice

Patrice is going shopping with friends. There is a sale at her favorite store. Patrice made a list of clothes she wants to buy. She has \$150.00 to spend. She set aside \$12.00 to eat lunch with her friends in the Food Court. Patrice now has \$138.00 to spend. She remembers to include 6% sales tax.

### Shopping List

1. pair of jeans
2. tennis shoes
3. 2 T-shirts
4. a jacket
5. lunch with friends
