26. A. plastic bags	B. paper	C. bottles	D. cans

VI. Read the following passage. Decide if the statements from 27 to 30 are True or False and choose the correct answers (A, B, C, or D) for the questions 31 and 32. (1.5pt)

The population of Vietnam has changed a lot since 1990

In 1990, the population was over 66,000,000, while in 2014, it over 93,000,000. This main cause for this change is that Vietnam's birth rate is higher than its death rate. The death rate has decreased because life expectancy has increased. In 1990, life expectancy was 70, while in 2014, it was 76. It has increased because more people have better diets. Also, they now spend more money on health care. Since 1990 Vietnam's population has increased a lot.

27. Vietnam's population increased between 1990 and 2014 _____
28. Vietnam's birth rate is lower than its death rate _____
29. Death rate has increased in Vietnam _____
30. Vietnam's diets have gotten worse since 1990 _____
31. What's the best title of the passage?

A. Vietnam's birth rate B. Vietnam's death rate
C. Pollution in Vietnam D. Population change in Vietnam

32. What is the life expectancy of Vietnam in 2014?

A. 70 B. 66 C. 76 D. 93
