

The Dove and the Cat

Read the paragraph. Then, write True or False to answer each question.

Dear Joe,

The school year is almost over, and I am very excited about going to fifth grade. I hear that Mr. Morris, the fifth-grade teacher, likes students to present history topics with school plays. You know I like to act, so I cannot wait to try my talents in class. Also, since I'll turn 10 years old this summer, I will be able to join the school's swim team. This is great because I'll have a chance to compete in the state's competition. Last year our school won the first place. The only reason I'm sad about leaving fourth grade is that my best friend, Allison, will move to Portland. She says we will e-mail each other every day and will see me in Thanksgiving, when she comes to visit her family. I will miss her, but I know fifth grade will be an awesome year! Hugs from your favorite cousin.
