

Gentleman

Song by Will Jay

I wanna keep you for good so I _____ I'll keep my word
Open doors, _____, always puttin' my _____ first
I'll be _____ you letters, all in _____
Won't mess up your _____, just your _____
Even if I'm living in the _____ time

I'll do it like _____ way back when
_____ and thank you just to _____ hand
I'll convince you _____ ain't dead
So can I be your _____?

Baby, can I, can I, can I, can I, can I be your gentleman?
Baby, can I, can I, can I, can I, can I be your gentleman?

Won't _____ beautiful, _____ show you everyday
The only thing I would _____ about you is your _____
Box of _____ and flowers, I _____ to please you
Never _____ unless I wanna _____ you
Even if I'm _____ in the wrong time (the wrong time)

I'll do it like they did way back when
Please and thank you just to hold your hand
I'll _____ you chivalry ain't dead
So can I be your gentleman?

Baby, can I, can I, can I, can I, can I be your gentleman?
'Cause you got _____ all the _____ will never have
And that's my heart (that's my heart), that's my heart
