

Watching our Diet

The Food Guide Drum and Dietary Guidelines reflect both the culture and food choices relevant to The Bahamas.

The Dietary Guidelines show how many servings an individual should eat from each food group each day.

A **serving** is a standard amount of food recommended for a meal or snack. It is used to advise about how much to eat or to identify how many calories and nutrients are in food.

A **portion** is the amount of food an individual chooses to eat. There is no standard portion size. A portion may contain more than one serving.

It is important to control portion sizes to maintain a healthy and balanced diet. Always use serving sizes as a guide when selecting foods.

Dietary Guidelines for The Bahamas of Serving Size

| Food Group | Number of Servings | Serving Size |
|------------------------------|---|--|
| Cereals & Starchy Vegetables | 6 – 11 servings daily (teenage boy – 11; teenage girl 9) Should be the largest portion of the diet | 1 slice bread 1 oz dried cereal ½ - 1 c cooked cereal or vegetable |
| Vegetables | 3 – 4 daily | 1 cup raw ½ cup cooked ¾ cup juice |
| Fruits | 2 – 3 daily | 1 medium fruit ½ cup cooked ¾ cup juice |
| Meat and Dairy | 2 – 3 daily | 2 – 3 oz. cooked lean meat, skinless poultry 1 egg 2 oz. cheese ½ cup ice cream |
| Beans and Peas | Use as a meat alternative or as a starch choice | ½ cup dried beans 2 tbsp. peanut butter |
| Fats | Use in small amounts | No number of servings recommended |
| Sugars and sweeteners | Use in small amounts | No number of servings recommended |
