

Questions 1-5 are about the following note from a teacher.

Dear Cathy,

Thanks for volunteering to clean up the science laboratory this afternoon. Usually, when a student does this for the first time, I go to the lab to show him or her exactly what to do. However, today I have a teacher's staff meeting at 3:30, so I can't be there. Still, I'm sure everything will be fine, since you have worked in the lab many times. Here is what you should do:

1. Clean all the glass containers that were used in class today.
2. After washing the containers, place them upside down on a towel to dry.
3. Wipe down all the worktables with a wet cloth.
4. Put all the microscopes that have been left out back on the equipment shelf.
5. Sweep the floor.
6. Put the trash outside the door.
7. Turn off the lights and lock the door when you leave.

If you have any questions, please ask Ms. Edwards in the classroom next door.

You can return the key to me tomorrow when we have class at 10:30. Thank you so much for your help!

— Mr. Marston

**Questions 6-10 refer to the following letter in a school newspaper.**

This is my first year attending Wilson Middle School. Last year I went to a different middle school. Over the summer my father got a new job, so our whole family moved. Now I go to Wilson.

5 I want to make some comments based on my unique perspective as someone who has attended two different middle schools. For example, I was surprised by all the complaints that the students at Wilson make about the food in the cafeteria. Either they don't like it, or they want more choices. But I like the food. The dishes are pretty tasty. And as for choices, at the school I went to last year there were never more than two lunch options each day. Sometimes there was only one!

10 However, I don't want anyone to think that I have a negative opinion of the Wilson students. Actually, I have been impressed with how involved the students here are. I plan to participate in some of the special clubs here that are organized by students, like the photography club and the hiking club. At my last school, students were not as actively involved in forming clubs.
