Doctor: Let me examine you. I will press on your stomach to see if it hurts and then listen to your heart.

Jane: Ok. It doesn't hurt when you press my stomach. I just feel tired.

Doctor: Ok. Did you eat anything different from usual before you started to feel this way?

Jane: Yes, my boyfriend cooked dinner for me.

Doctor: You've got food poisoning. It is not very serious. You need to drink lots of water and get plenty of rest.

#### Dialogue 2

Doctor: Good morning Mr. Jones. What is wrong?

Andrew: Morning. I am coughing and sneezing, I feel hot and eating makes me feel sick.

Doctor: Let me take your temperature. How long have you had the symptoms?

Andrew: They started about a day ago.

Doctor: Yes your temperature is very high. You have the flu. You'll have to go home and stay in bed until it gets better. Drink lots of water.

Andrew: Can you give me some medicine?

Doctor: I can give you something to reduce your fever but you just need to get bed rest. I will write you a prescription and you can collect the medicine from the pharmacy.
