Part 2: Read and write the missing words. Write one word answer. There is one example. (5 pts)

Today, our class went ...to... the science museum. It (1) really interesting. We learnt about dinosaurs. They lived many years ago, but now they are extinct. Then we went(2)the insect room. I've never seen so many butterflies before! Most had spots or stripes (3) their wings, and the glass butterfly had wings like glass. You could see through the wings.

The space room was my favorite. We saw rockets and the clothes astronauts wear. But museums aren't only about the past. We also saw ideas for the future. One idea (4)..... a robot that could (5)..... jobs in the house. I want one like that, to tidy up my room.
