B READING .**ESKIMOS**

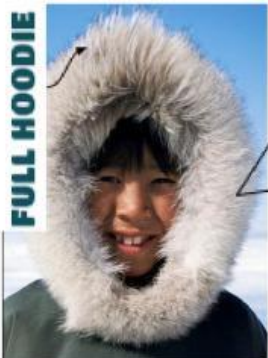

Eskimos live in Alaska. It's extremely cold there with temperatures of -30° most of the time. They wear very warm clothes. Their diet is basically fish because it is impossible to grow vegetables in the snow. They can't drive cars in the snow so they travel by sledge or motor sledge. They also go skiing a lot. Their pets are usually Siberian dogs.

SLEDGE

Eskimos spend a lot of time in their houses, called igloos. They don't go out much because it is very cold. Sometimes it snows for weeks, and they prefer to stay inside. They usually watch Netflix series, play on-line games, or just eat and sleep! They usually wear fur clothes and fur shoes. They never wear t-shirts or shorts! They wear fur hoodies, too, because they protect the head from the cold wind.

Euen, an eskimo boy, lives in a small town in the north of Alaska. He is mad about animals, especially dogs and he is really interested in nature in general. He has got 3 Siberian dogs. Now he is in his last year at secondary school, but when he finishes, he wants to go to university to become a vet.

FULL HOODIE

'I like riding my sledge to school every morning, he says, 'I start school at 10 a.m and I finish at 2 p.m. I always check the weather forecast before I go to school. I am really interested in dogs and animals in general and I want to be a vet. But to be a vet I have to move to a big city because there isn't a university near my home.

My home is very unusual. It's an igloo. It's large and comfortable. There are 2 bedrooms and a small kitchen. There's also a bathroom. The walls are made of ice, but it's never cold inside the igloo.
