

READ AND ANSWER THE QUESTIONS

Who Lives In A Colony?

Queen

There is just one queen in the hive. Her job is to lay eggs and preside over the hive.

Worker

All worker bees are female. Their role is to collect food and water, care for the larvae and guard the hive.

Drone

Drones are the only males in the hive. Unlike the queen and the workers, drones do not have stingers.

1. HOW MANY* TYPES* OF BEES ARE THERE IN A HIVE?
