# Where do animals live?

## Grammar - Writing

1. Look, read and write the correct words.

The chicks are in the nest.

The frog is in the pond.

There are many leaves on the branch.

The mice are eating cheese.

The honeybees are flying around the hive.

The crabs live in the seashells.

## Where do animals live? Grammar - Writing

2. Read about an eagle and write about your favorite animal.

It should include:

- What your favorite animal is.
- Where it lives.
- Why it lives there.
- Some information about the animal.

My favorite animal is an eagle.

It lives in a nest high up in a tree.

The nest keeps the eagle and the chicks safe.

The eagle is white and brown.

It eats rabbits, lizards and frogs.
