Hello! I'm Peter from Hungary. I am a student. I want to talk about a year in my country. School always starts on September 1st. Children do not like September. It's often sunny in the beginning of fall. In October and November it's usually cold and windy. It rains a lot and it's often foggy. The leaves of the trees fall down.

Winter is usually very cold. The temperature goes below zero. It often snows and there are stormy winds. It is good to sit inside by the fire when the cold wind is blowing outside. Many people like winter because of winter sports like ice skating, skiing, and snowboarding.

I like spring a lot because after the long cold, wet and foggy days it is warm again. Trees and bushes are full of blossoms. You can see lovely spring flowers everywhere.

The weather is quite changeable especially in April. It often rains and there can be hard winds too. Sometimes it's cloudy but most of the time it is warm and sunny.

My favorite season is summer. It is very hot in July and August. Sometimes there are quick showers or rainstorms with thunder and lightning. There are lots of fruit in summer.

Children prefer the summer to all other seasons because there is no school and we can take our holidays.

Match the pictures to the words.

snowy / cold / frosty / fall / windy / summer / cloudy / sunny /
winter / rainy /
lightning / spring / hot / stormy / foggy

Answer the questions.

1 When does school year start in Hungary?

2 What can you do in winter?

3 What is the weather like in April?

4 Why do children like summer the best?

5 What is your favorite season?
