Module E – Vocabulary List A2

Practice Page 2

I. Read the paragraphs and answer the questions below WITHOUT using a dictionary.

Tom's initial goal in informing the head guard about the hole in the fence was to protect the animals inside. In the end, they created a new invention that uses sensors to guard the animals.

1. Why did Tom report the hole? _____
2. Circle TRUE or FALSE
   Tom told an important guard about the damage to the fence. TRUE FALSE
   The new invention defends the animals using technological devices. TRUE FALSE

On our vacation we took a trip to Scotland. The guide took us to a big river. He frequently takes tourists there. His goal is to generate interest in the environmental damage being caused by the industry in the area. While the guide was informing us about the importance of the fish and plants that used to flourish there, my brother fell into the river! The guide jumped in and saved my brother – he was a real hero!

3. Why does the guide often take tourists to this river?
   a. to catch fish and collect plants
   b. to explain about the harm being done to nature
   c. to jump in the water

4. What causes the damage to the river?
   _____
