## **Rescue Me - Tokio Hotel**

This            our secret  
Now I'm        here alone  
                 but read our names on the wall  
And            the stone

I            you in every way  
But not enough to  
Turn around  
I've lost my

Come and rescue me  
I'm            , can't you see  
Come and rescue me  
Only you can

Come and rescue me  
Rescue me  
Rescue me

You lied when we  
Our crying was just fake  
I wish you could    it  
Here and today  
My s.o.s. on radio  
The only chance to  
What I feel  
Can you hear

Come and rescue me  
I'm \_\_\_\_\_, can't you see  
Come and rescue me  
Only you can

Come and rescue me  
Rescue me  
You and me  
You and me  
You and me

The walls are  
My senses \_\_\_\_\_ away  
I'm haunted by your shadow  
I \_\_\_\_\_ to feel your face

You are not here  
Are you here  
Come and rescue me  
Rescue me

Come and rescue me  
I'm \_\_\_\_\_, can't you see  
Come and rescue me  
Only you can

Come and rescue me  
Rescue me  
You and me  
You and me

Rescue me  
You and me  
Set me free  
Rescue me
