Use Other Adverb Connectors Correctly

Skill 8

Name : _____

Teacher: Ms. Dini

Class : _____

Adverb Clauses can express the ideas of time and cause, as you read in skill 7. Adverb clause can also express a number of other ideas, such as contrast, condition, manner and place. Because these clauses are adverb clauses, they have the same structure as the time and cause clauses in Skill 7. Study the following sentences.

I will leave at 7:00 if I am ready

Although I was late, I managed to catch the train

In each of these examples, there are two clauses that are correctly joined with adverb connectors. In the first sentence, the adverb condition connector *if* comes in the middle of these sentences. In the second sentence, the adverb contrast connector *although* comes at the beginning of the sentence, and a comma (,) is used in the middle of the sentence.
